

Family Update 12/30/2020

As of this week's testing, we have one staff member who has tested positive in the assisted living center. The staff person has been notified and is following quarantine protocol. In addition, all appropriate precautions are being taken to mitigate spread. We are following the guidance from the CDC, Maryland Department of Health, and Center for Medicare and Medicaid Services regarding appropriate actions to protect all residents and staff. All of the family members at the assisted living center have also been notified.
