

Weekly Update: 12/11/2020

Please be sure to check here for weekly Sagepoint updates for families and friends.

Sagepoint Skilled Nursing Center:

Our most recent round of staff testing has identified five staff members in skilled nursing and two in assisted living, who have tested positive. The staff members have been notified and are following quarantine protocol. In addition, all appropriate precautions are being taken to mitigate spread. We are following the guidance from the CDC, Maryland Department of Health, and Center for Medicare and Medicaid Services regarding appropriate actions to protect all residents and staff.

We have retested all residents in skilled nursing and all are negative. We are currently retesting all residents in assisted living.
