

Weekly Update: 2/19/21

Please be sure to check here for weekly Sagepoint updates for families and friends.

Sagepoint Skilled Nursing Center:

Our latest weekly round of COVID testing has resulted in no positive cases in residents or staff.

Residents who opted to receive the vaccine and received their first dose on January 27 have received their second dose on February 17 according to the protocol.

We are open for scheduled indoor visitation as of last week. Please refer to the February 12 communication on the website for the procedure to schedule an indoor visit.

Assisted Living and Memory Care:

Our latest round of weekly testing has resulted in no positive cases in staff and no positive cases in residents.

Residents who opted to receive the vaccine and received their first dose on February 3 will receive their second dose on February 24 according to the protocol.

We are open for scheduled indoor visitation as of last week. Please refer to the February 12 communication on the website for the procedure to schedule an indoor visit.
