Important Information for Families and Residents:

Please be sure to check here often for Sagepoint updates for families and friends.

We are sharing an important notification given to us by the Maryland Department of Health:

“As many of you may be aware, CDC posted [new guidance](#) today about relaxing restrictions for vaccinated individuals. Please note that this guidance does not apply to healthcare settings, including long term care and assisted living. This does not change the guidance about visitation, and until further guidance is released, you should continue to follow the (current guidance) to guide your visitation policies.

If this changes, we will keep you informed.”
