

## **Important Update Regarding Indoor Visitation at Sagepoint**

Beginning Monday 6/28/21, Sagepoint will once again be able to offer indoor visitation for our residents in both the long-term care and assisted living settings. Please review the following guidelines:

### **Long Term Care Guidelines:**

- All visits will be scheduled through Esmerelda Cline at [ecline@sagepointcare.org](mailto:ecline@sagepointcare.org) during the week and through the Front Desk Receptionist (301-934-1900) on the weekends.
- Only two visitors at a time per resident
- No children under 18 will be allowed to visit indoors. They may arrange an outdoor visit with Esmerelda on Tuesdays.
- We ask that visitors schedule at least 24 hours in advance.
- We will still hold Outdoor Visitation on Tuesdays.
- Visiting Hours are from 10am to 7pm daily.
- All visitors will enter through the front door and screen at the table between the two automatic doors.
- Once the receptionist has approved the screening, the visitor will be directed to their loved one's room.
- Visitors may only visit their loved one and will refrain from walking around the facility or visiting with other residents.
- Visitors will wear their masks at ALL TIMES. Visitors not complying with the mask mandate will be asked to leave the building. The mask rule is in place regardless of vaccination status of the visitor.
- Visitors will not have a time limit on length of their visit.
- Residents on OBSERVATION will not be allowed to have visits until their quarantine period is complete.
- Visitors do not require testing
- Visitors may take their loved ones outdoors and visit outside

### **Assisted Living and Memory Care Guidelines:**

- All visits will be scheduled through Yolanda Medley at [ymedley@sagepointcare.org](mailto:ymedley@sagepointcare.org)
- Only two visitors at a time per resident
- No children under 18 will be allowed to visit indoors. They may arrange an outdoor visit with Yolanda
- We ask that visitors schedule 24 hours in advance.
- Visiting Hours is from 10am to 7pm every day.
- All visitors will enter through the front door and screen at the table.
- Once the staff has approved the screening, the visitor will be directed to their loved one's room.
- Visitors may only visit their loved one and will refrain from walking around the facility or visiting with other residents.
- Visitors will wear their masks at ALL TIMES. Visitors not complying with the mask mandate will be asked to leave the building. The mask rule is in place regardless of vaccination status of the visitor.
- Visitors will not have a time limit on length of their visit during visitation hours.
- Residents on OBSERVATION will not be allowed to have visits until their quarantine precautions are complete.

- Visitors do not require testing.
