

Sagepoint Families Visitation Update

12/10/21

Please be sure to check here for weekly Sagepoint updates for families and friends. Visitation continues by appointment only.

Charles County is experiencing significant community spread. However, the mask mandate has never been lifted from healthcare facilities and are still required at all times in Sagepoint and during visitation, even when outdoors.

COVID booster and flu vaccines are currently being issued to residents and healthcare workers.

Sagepoint Skilled Nursing Center:

As of today, we have no known positive cases in staff or residents.

In addition, 100% of Sagepoint's health care workers and 98% of residents in the skilled nursing facility are fully COVID vaccinated.

Skilled Nursing Center Visitors: Due to the colder weather, we will begin scheduled, indoor visitation of residents inside in the Red Room. Visits will be scheduled with Esmerelda Kline (see link below).

Rehabilitation Visitors: Visits will be scheduled in the patient's room. Visitors will be screened at the front door and will use all appropriate PPE including masks. Please use the Front Lobby screen area to complete screening paperwork.

Follow this link from our website with the full details on scheduling visits for the Skilled Nursing and Rehabilitation Centers:

Assisted Living and Memory Care

As of today, we have no known positive cases in staff or residents.

In addition, 100% of Sagepoint's health care workers and 98% of residents in the assisted living facilities are fully COVID vaccinated.

Outdoor visits are still preferred when possible, however, indoor visits may be scheduled by calling Yolanda Medley @ 301-934-0222. Visits at the Gardens will be held in the front sun room ONLY. Memory care will have indoor visits in the first-floor lobby.

All visitors MUST be screened by a staff member prior to the visit and proper use of masks are required at all times during the visitation.
